MEETING ANNOUNCEMENT

Mechanic's Day

A mechanics meeting will be held
on Tuesday, December 18, 1990
at 10:00 AM at the Carlisle

CARLISLE

READING

Country Club Maintenance Building.

Our host will be Greg Fantuzzi.

This will be an informal gathering of golf course mechanics, Superintendents, or anyone on your crew who has the responsibilities of maintaining and repairing equipment. The meeting is designed so that area mechanics can meet one another and have the opportunity to share and exchange ideas.

Refreshments will be provided. Reservations are not necessary, but would be helpful. We encourage all to mark their calendars and participate.

EDITORIAL

Along with this newsletter you will find an informative pamphlet concerning the Pennsylvania Turfgrass Council. The activities listed may help us to remember all the benefits we derive from this organization which promotes the entire turfgrass industry.

The letter writing campaign of 1989, utilized by the PTC Government Regulation Committee has begun to awaken the state legislature to our impact as an industry. The soon to be released Turfgrass Survey will give us a tremendous tool to "convince" our elected representatives of the impact this industry holds relative to the state economy.

Along with the benefits PTC brings are the obligations we should feel are necessary to promote and utilize the organization. To some of us the obligation is to serve on the board, help at conferences, on committees, etc. Most of us become involved in letter writing campaigns about current issues. We all should lend our support as members. The individual dues are inexpensive and the sustaining (club) dues are insignificant in most of our budgets. The cost to benefit ratio probably makes PTC the best buy in the national turfgrass spectrum. Consider the impact of a "Fox" bill, and invest in your future as a turfgrass manager, join P.T.C.

PRESIDENT'S MESSAGE

I would like to take this opportunity to thank all the members who attended the annual election meeting at the Outdoor Country Club. A special thank you goes to Bob Beyer, not only for being our host for the day, but also for his leadership during the past year as President of the Central Penn GCSA.

It's been my pleasure to serve as a Director for the past three years. There is a sense of satisfaction in being able to contribute to your organization and your field of employment. With all of the environmental issues and regulations, golf courses are certainly under heavy scrutinization. That's why it is important to have strong organizations like the Central Penn GCSA. Without trying to sound like a cliché — an organization is only as strong as its members. It would like to call on all of you to renew your commitment to our group. You can do this in many ways:

- * **Keep up your membership**
- * **Recruit new members**
- * **Host a meeting**
- * **Serve on a committee**
- * **Attend the monthly meetings**

It is the goal of the Board of Directors, and myself to serve the membership to the best of our abilities. We can only do this through an active participating membership.

We count on your support.

ATTENTION

The Central Penn GCSA Board of Directors are looking for hosts for monthly meetings during the 1991 golf season.

If you have never been a host, or it's been awhile since we've been at your golf course . . . and you would like to host a meeting, please contact:

Jeffrey Fry

It would be our pleasure to visit with you.

WHAT'S NEW? FIND OUT AT THE GCSAA TRADE SHOW

About 500 manufacturers and suppliers are expected to display their golf course industry goods and services at the 1991 GCSAA Trade Show, scheduled Feb. 10-12 in Las Vegas, Nev. At press time, available booth space at the Las Vegas Convention Center was more than 85 percent sold.

The newest products and equipment in the golf course management industry will be on display during the three-day event, affording superintendents the unique advantage of being able to compare all the different product lines in one place at one time. The GCSAA Trade Show is also an opportunity for superintendents to make key contacts with industry representatives and peers from around the world.

The trade show will open from 9 a.m. to 5 p.m. on Sunday and Monday, Feb. 10-11, and from 9 a.m. to 1 p.m. on Tuesday, Feb. 12.
