IDLE THOUGHTS FROM THE EDITOR.....

I am going to try and fill some very big shoes this month and fill in for our very busy (but as I write this—VACATIONING) President. Dave is not an easy guy to track down some days, so I was delighted to chat with his secretary today. She informed me that he won't be back till next week—but he might be calling in sometime. I asked her if their fax machine was working because Dave promised me a Presidents message on Monday at the latest. She said their fax machine was fine, so I guess our fax is bad or his opening address is somewhere in the fax twilight zone! We are five days into spring and there is still more snow on the ground than green grass. I never thought I would hear everyone on my staff say that they could not wait to get outside and pick up sticks and debris—cabin fever is running wild everywhere! It has been a long hard winter for the first time in many years. From heavy rains, gale force winds, flooding, and the east coast's worst blizzard—we have seen it all over the past few months. All of this following one of the wettest and coolest years on record, which followed one of the hottest and driest in years. It really makes you stop and wonder what is normal anymore. Oh well—by about August 1 we will all be playing VCR tapes of the "Blizzard of 93" to cool off.

Anyway as I said, I'm just filling in for Dave this month and at this point he would probably say good luck to everyone in our association, get out and support the Central by attending as many meetings as you can this summer and most of all get involved. He would probably tell everyone that the board is welcome to any new ideas and always has an ear to listen. I guess if I had any thoughts I might say all of that also. Have a great year!!!

P.S. If that lost fax shows up at anyones club, please send it back to him, he'll be waiting.
